

Received Iris's weekly letter, to-day. Sunday morning, she went to the storeroom and discovered it had been burglarized! The storeroom is in the apartment-building and about twenty feet from Iris's apartment in the basement.

Iris lives on Telegraph Hill and the building is built on the slope so Iris's apt. is the basement story. All her suitcases were gone, her travel ~~box~~<sup>iron</sup>, bathing suit, beach coat, etc. In one case she had all her travel items - comb, brush, tooth-brush, powder etc. She has insurance but is disgusted about the inconvenience. She thinks the lock was picked.

One of our Penn States leaves tomorrow morning by plane (747) for a three-week conducting tour.
